Why ITKnowledge?

- **Instant access** — no delays waiting for print books to arrive. No time-consuming web-wide searches. Get the answers you need — *now* — from the nearest web browser.
- **Expert info** — authoritative information from industry experts, brought to you by the top technical publishers. Many of our titles are online exclusives.
- **More books** — browse or search the full-text of 1,500+ IT titles, with new or updated titles being added every month — it's the world's largest online collection of IT books!*
- **More value** — an annual subscription to ITKnowledge gives you access to hundreds of IT titles for a fixed and very reasonable price.
- **More convenience** — you and your team can share the same huge library, create bookmarks, and annotate your key resources. Best of all, the books you need are available anytime you need expert technical information.

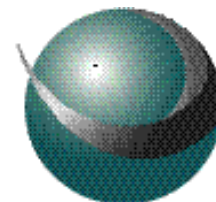

* Title count as-of 2/4/00. New and updated titles are constantly being brought online. For the most up-to-date content information, contact your EarthWeb representative.

- 1,500+ IT books online as-of 2/4/00*
- 4,000+ additional titles licensed and coming soon
- Fast searching by keyword, author, publisher, topic, ISBN and more
- Thousands of source code modules available for copy and paste
- Training and certification guides
- Topic-specific knowledgebases
- Development planning guides
- White papers, proprietary publications and "beta books"
- "My ITKsm" pages, with user-customizable directories, bookmarks and annotations

"I've found answers every time I looked at your Active Server pages. I didn't have to drive to the bookstore, and it's hard to find this kind of data in the newsgroups."

—Brendan Baldwin,
IS Programmer
